Invitation to an information session about Powerport in the Moerdijk region

Dear Sir or Madam,

At the Powerport information evening in late June 2026, we promised to keep you updated. There have been some developments since then. That is why we are holding several information sessions in November for residents, landowners and business owners.

Since June, the Dutch government has looked again at how much space is needed for energy and industry around Moerdijk. It is now basing its plans on a smaller expansion of the port and industrial area. This would allow the village of Moerdijk to remain. Before a final decision is made, we need to know whether the area can remain a good place to live and whether businesses can continue to operate sustainably. The Dutch government, the Province of North Brabant and the Municipality of Moerdijk are working on this together.

What will we talk about?
We will explain where the Powerport plans stand, what happens next and how we will keep you informed and involve you in the next steps. We will also discuss issues that matter to people in your area. There will be time for questions. We do not have all the answers yet, but we will share what we know so far.

When and where?
You are welcome to join any of these information sessions:
- Monday 23 November - Moerdijk. De Ankerkuil, Steenweg 48, Moerdijk.
- Tuesday 24 November - Zevenbergen and Klundert. De Niervaert, Molenvliet 7, Klundert.
- Wednesday 25 November - Zevenbergschen Hoek and Langeweg. De Zevensprong, Olavstraat 29, Zevenbergschen Hoek.
- Thursday 26 November - Residents of rural areas and farmers. Hotel De Borgh, IJshof 1, Zevenbergen.

Doors open at 7.00 pm. Each information session starts at 7.30 pm and ends at 9.00 pm.

You do not need to register. If you cannot make it to the information session in your area, you are welcome to join one of the others. After the information sessions, we will also share the information on the Municipality of Moerdijk's website.

We hope to see you at one of the information sessions.

Kind regards,
On behalf of the Powerport partnership,

Jo-Annes de Bat
State Secretary for Climate Policy and Green Growth

Wilma Dirken
Member of the Provincial Executive, Province of North Brabant

Danny Dingemans
Alderman,
Municipality of Moerdijk

The Powerport partnership includes the Ministry of Economic Affairs and Climate, the Ministry of Housing and Spatial Planning, the Ministry of Infrastructure and Water Management, the Province of North Brabant, the Brabantse Delta Water Authority and the municipalities of Geertruidenberg, Drimmelen and Moerdijk.
